TIME TO DO WHAT IN YOUR GARDEN???

What do you do at this time of year in your garden?

1. Feed 0-10-10 or 2-10-10 to your little babies.
2. Disbud - Now is the time to disbud the plant to bigger and larger blooms.

3. Prune - Do light pruning to remove branches that might interfere with those blooms that will be coming.
4. Gib - Start gibbing for early and bigger blooms. Start the weekend after Thanksgiving.
5. Water - Keep your plants wet.
